TEACHES UNDERNEATH THE AUTOS

Smart Farmer Lures Chickens to Fly Into Road So He Can Collect Damages.

That a farmer living on the north road to Ogden a few miles from Salt Lake, has trained his chickens to run into the road at the approach of an automobile in order that he may collect damages for those that meet death beneath the speeding wheels, was the unique complaint made by an angry motorist to Justice Stanley A. Hanks yesterday afternoon.

The motorist wanted to know if he had no redress under the law. He said that the farmer had been in the habit of calling his chickens at feeding time with an automobile horn and the fowls had "got the habit" of breaking at the "toot, toot" of any horn and usually broke straight into the front of automobiles.

It was stated to the justice that the farmer is usually not far behind the feathered rush to the road and that he has been collecting excessive damages. Justice Hanks said it was the most peculiar complaint ever made in his court, but that he could see no legal method of preventing the farmer from using any kind of a horn he desired in calling his chickens.

"So long as he does not interfere with his neighbors and his method of feeding his chickens is not deemed a nuisance, there is no way to prevent him teaching his fowls anything he pleases," said the justice.

TRAFFIC MEN TO MEET.

Recapitulation of Work During Year Will Be Made.

Members of the Salt Lake Commercial club traffic bureau will hold their annual meeting at the offices of the Commercial club building next Monday evening to hear annual reports of the officers and traffic managers. Three directors are to be elected to serve one, two and three years respectively.

In its one year of existence the local traffic bureau has brought the most important rate cases in recent years before the interstate commerce commission; the case affecting the welfare practically of every citizen in the state of Utah and on account of the broad scope of the work undertaken, the bureau has received generous financial and moral support from shippers throughout the state, particularly in Ogden and Provo.

In addition to the receiving of reports at the meeting Monday night the members of the bureau will discuss informally the work of the last year and ideas pertaining to the work outlined for the bureau for the next year.

ASK ABOUT SALT LAKE.

Firms Desirous of Extending Trade With the Chamber of Commerce.

A letter just received by the chamber of commerce from Cochran & Grounds, dealers in hardware, has been given to work at the City of Mexico, ask for a list of dry goods and fancy goods houses in Salt Lake with a view to opening up a trade here. Secretary J. L. Perkins furnishes the desired information. A letter from the Jasper Trust company of Jasper, Ala., to William W. Ritter of the Deseret Savings bank, asking for information was turned over to Secretary Perkins, who answered it.

START DALY BUILDING.

Excavation Begun for Modern Structure in Skyscraper District.

Work on the excavation for the new Daly building on the old Kimball corner, at Fourth South and Main streets, was commenced yesterday. The architect is working on plans for a modern building, though it has not been fully determined what kind of a structure will be erected. The plans will be submitted to J. P. Daly, who may approve or change them. The building will be modern in every particular and will present a good appearance even alongside the Newhouse skyscrapers.

WILL CONTRACT FOR SCHOOL FURNITURE

At the meeting of the city board of education, next week, contracts will be let for about 800 new seats for the Jefferson school, on South West Temple street, now under construction. The seats will be the most modern pattern and in this regard will be like other features of the new school building. The Jefferson school will be finished about the first of the year, will be fireproof and the most modern type of school buildings in Salt Lake.

WILL CHOOSE SUCCESSOR.

A special meeting of the teachers' retirement commission will be held in the board of education rooms Saturday morning at 9 o'clock, when the place of Mr. Byron Cummings will be filled. Mr. Cummings resigned some time ago to take up archaeological research work in the southern part of the state, and the commission thus loses one of its most earnest workers. The applications of two teachers for pensions will be acted upon by the commission.

Buy Your Happiness.

County Jail Bombarded With Anti-Pain Bullets for Fiends

Bombardment of the county jail with "dope" fiends incarcerated in the county jail is the latest method adopted in an effort to get drugs to the prisoners, and Deputy Sheriff Burt Siegel is still gassing with astonishment over the near success of the plan and the escape of two youths who fired on the bastle from a vacant lot west of the jail yesterday afternoon. The net spread outside the bars of the windows prevented the pellets from entering the jail.

In years of experience with the habits of persons who are addicted to the use of morphine and opium such a daring and novel plan to secure "dope" has not been tried before. All manner of schemes have been discovered by which friends of the prisoners have tried to convey drugs to the inmates. Morphine has been found carefully hidden in bananas and other

BLOOD WAS IMPROVERISHED

A Well-known Fort Worth Man Tells How He Was Cured.

Anaemia and Threatened Consumption Yield to the Tonic Treatment Which Has Cured So Many Cases Dependent Upon Thin Blood.

"Anaemia is the doctor's name for lack of blood. It is readily curable by the tonic treatment with Dr. Williams' Pink Pills as is shown by the experience of Mr. D. S. Landis, of No. 561 Bryar avenue, Fort Worth, Texas. He says:

"My sickness dates as far back as 1895, when an attack of bronchitis followed a severe cold. Another attack came in 1899 and was followed by hemorrhages and all the symptoms incident to anaemia. I had been under the doctor's care for about two years taking cod-liver oil and other remedies, but was not helped. The doctors then advised a change of climate and I came to western Texas and laid aside doctors' medicine.

"The doctors pronounced my trouble anaemia and my blood was so impoverished that I was threatened with consumption. Hemorrhages of the lungs was present and night sweats were common. I had all the varying symptoms accompanying my disease, such as palpitation of the heart, inactive liver and pressure on the chest. My kidneys also were affected. I suffered with indigestion throughout my sickness. It seemed as though I could never get sufficient air into my lungs and there was a continual pressure about them and my heart.

"I first noticed Dr. Williams' Pink Pills through reading a newspaper and bought some for a trial. Relief was apparent within a few days so far as headache and a general bloating was concerned. My other symptoms gradually grew less pronounced and I took the pills as directed until I felt cured. Even now, when well and strong, I take them as a tonic."

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams' Medicine Co., Schenectady, N. Y.

INCORPORATIONS.

The Intermountain Land & Livestock company of Ogden filed articles of incorporation with the secretary of state yesterday. The capital stock is placed at \$100,000, in shares of \$100 each, of which 888 shares are held in the treasury. The officers are: William C. Hunter, president; D. A. Smyth, vice president; Frank Smyth, secretary. These, with Louis Bliton and Mary J. Hunter, comprise the directorate.

WIFE CHARGES CRUELTY.

Cruelty and failure to provide are charged against Charles W. Lancaster, in a suit for divorce filed by his wife, Carrie, in the district court yesterday. She says her husband has not provided for her since Sept. 1, 1907, and charges that in August of the same year he gave her a cruel beating. They were married in Lander, Wyo., Oct. 20, 1906. All the wife asks is a divorce.

TO PLANT NORWAY MAPLES.

Arrangements are being made by George M. Cannon & Co. for the planting of Norway maple trees in Emerson Heights, near Eleventh South and Thirteenth East streets. Mr. Cannon stated yesterday he had decided on the Norway maple because it was a hardy tree.

MORE NEW BUILDINGS.

Permits issued for Structures to Cost Nearly \$75,000.

Building permits aggregating \$75,000 were issued by building inspector A. B. Hirt yesterday, the largest of which was for the new addition to the Alta club, on Brigham street, just east of State, which will cost \$50,000. The permits are as follows:

E. Pack, 559-2-4-6-8 and 599 South State, one-story frame stores, \$4,500.

H. E. Pack, rear 569 South State street, five-house frame terrace, \$2,500.

Kay & Harvey, alterations to front of cafe, 210 South State, \$300.

Alta club, three-story stone building, 20 rooms, 180.

P. O. Perkins, rear 455-7 East Sixth South street, seven-house frame terrace, \$5,300.

S. M. Bailey, 219 West Sixth South street, brick addition, \$500.

S. J. Clements, 1055 Fourth avenue, frame addition, \$500.
